

Mr. Sachin Burman

Director | National Critical Information Infrastructure
Protection Centre (NCIIPC)

Biography

National Critical Information Infrastructure Protection Center (NCIIPC) was notified in January 2014 as the National Nodal Agency, responsible for all measures to protect National Critical Information Infrastructure of India.

Mr. Sachin Burman was appointed Director of the NCIIPC. He brings over 25 years experience in the fields of Information Technology and Cyber Security to this challenging assignment.

Abstract on the Topic of the Presentation

NCIIPC has been created by notification in the Gazette of India as the National Nodal agency for protection of CII. The approach to this is by means of understanding Critical Infrastructure (CI), Critical Information Infrastructure (CII) and analysing their characteristics and peculiarities across various sectors and also key differentiations between CII and other Networks.

NCIIPC has also released documents related to Frameworks for CII, NCIIPC Control Guidelines and Cyber Security Evaluation Frameworks for protection of CII.
