Abstract

Topic : NKN @ JIPMER Pondicherry

Jawaharlal Institute of Postgraduate Medical Education & Research (JIPMER) is an Institute of National Importance Under Govt. of India. JIPMER has State of Art Infrastructure and Equipment for Telemedicine. NKN was commissioned in JIPMER in 2012. In 2013, Ministry of Health & Family Welfare (MOHFW), declared JIPMER as '**Regional Resource Centre (RRC)**' for Telemedicine for South India (Andhra Pradesh, Karnataka, Kerala, Pondicherry, Tamil Nadu & Telangana) for mentoring 160 Medical Colleges of South India and National Data Recovery Centre. JIPMER is running 7 Telemedicine Projects namely; NKN Project, NMCN Project, ISRO Project, Tele-Ophthalmology Project, Onconet Project, Medical Virtual Class Room (MVCR) Project and Sabrimala Project. Telemedicine activities in JIPMER include Telemedicine Clinic, Tele-Emergency Service, Dial-JIPMER Service, Tele-OPD, Tele-Ward, Tele-ICU, Tele-Surgery, Tele-Monitoring, Tele-Barrier Nursing, Tele-Patient-Attendant Interaction, Tele-Education Service (Medical Virtual Class Room, Videoconferencing of Sessions, Live Telecast of Scientific Programme). JIPMER has developed its own 'Cost Effective Mobile Telemedicine Console/Kiosk'. JIPMER Telemedicine Services received '**BMJ-Award in 2014**' and '**ISO 9001:2008 Certification**' in 2015.
